

Structure Fire in Arapahoe County

Arapahoe County, CO – On Sunday evening at approximately 10:35 pm Cunningham Fire Rescue responded on a structure fire at 1142 S. Chester Court in Unincorporated Arapahoe County. The fire occurred in a single family home that was occupied at the time of the fire. All occupants were able to escape from the home without injury.

When fire suppression crews arrived on scene, they found a fire that involved the garage and was spreading to the exterior of the home. Fire suppression crews arrived on scene approximately six minutes after receiving the call. The fire was extinguished within minutes and fire damage was contained to the garage and exterior. Moderate smoke and water damage did occur in other areas of the home.

Fire companies from Aurora Fire Department and South Metro Fire Rescue also responded to assist with the suppression of the fire. The Arapahoe County Sheriff assisted with securing the scene and the American Red Cross responded to assist the displaced family.

There were no injuries sustained by the firefighters and the cause of the fire is under investigation. Fire investigators will be working to determine the cause throughout the day Monday.
